- **ISTEP Stress Test:** Friday, January 13th Discovery will be participating in the statewide “stress” test. This “stress” test is designed to test Discovery’s network capacity as well as the CTB/McGraw-Hill’s server capacity as schools throughout the state will be logged in simultaneously to complete a practice. The practice test is composed of released ISTEP+ questions from previous years. The test is NOT scored and is solely for the purpose of checking readiness. From 9:00 AM to 10:00 AM some of our Discovery students will be logged in to participate with the test. From 10:00 AM – 11:00 AM we are inviting any parents that are interested in experiencing ISTEP+ Online to come to the library where we will have computers set up for you to participate. If you are interested or have any questions please contact Mr. Martinez.
