

## News from the School

- **2012-2013 Sibling Enrollment:** If you have a child currently at Discovery and want to apply for that child's sibling to attend Discovery for the 2012-2013 school year, you need to 1) Have a pre-registration form on file for your child currently enrolled and 2) Fill out a complete application for the other child you want to enroll. For kindergarten applicants, the application must be on file by February 17th at 12:00 p.m. in order for their name to go into the lottery. Please note that simply indicating a sibling will be attending on the pre-registration form is NOT a complete application. In addition, if you have indicated on the pre-registration form that a student is not returning, any additional sibling you are attempting to enroll will not receive sibling preference.
- **Open House for Prospective Students:** We will host an open house for prospective students and families on February 8th from 9:00-11:00 a.m.
- **NWEA:** NWEA results will go home today. If you have any questions, please contact your child's teacher.
- **Frog in the Bog and Howell Trips:** Information about Frog in the Bog trip for 5th grade and Howell trip for 6th and 7th grade will go home on Monday. If you have any questions, please contact Mr. Martinez.

Sixth grade science students Jessie Oswald, Hannah Geiss, Hunter Cunningham, Brinley Fowler, and Sarah Gronceski spread wood chips on the hiking trail near the school. During their study of erosion and weathering, they took time to care for an eroded area at the entrance to the well-used trail leading into the forest adjacent to the school.
